"PRO BONO PUBLICO."

PREFACE

In submitting Volume XVI of the Charlotte, N. C., City Directory we have been glad to note the continued progress, both as to population and industries.

A study of the Directory will disclose many names of new residents and many new business firms and enterprises.

THE KEY TO THE CITY

The Charlotte Directory is the Key that opens the doors to your city.

Where, but in the City Directory, can you find a name, a street address and how to get there, a firm or corporation name, with its officers and executives?

A telephone call has been placed on your desk, do you want to call up the party? See the City Directory—Telephone Department. Who sells what you want to buy?

Civic information of every description, churches, banks, clubs and societies. Is such a person white or colored? Who lives at such a number on a street? Leading manufacturers and merchant, a classified business directory. The Charlotte City Directory will answer all this and much more.

This volume contains 19,634 names of individuals, using the conservative multiple 2½ times to represent the names of married women and children not counted, giving a population of

49,060

In conclusion, we thank our patrons for their support and the public in general for the courteous treatment given our representative, and in closing we say to all: —

"Boost Charlotte, the Coming City of the Carolinas."

PIEDMONT DIRECTORY CO.,

A PERSISTENT ADVERTISER

One of the most persistent advertisers in the history of success was Robinson Crusoe.

He believed in advertising.

He knew what he wanted—a ship.

And he put up an ad for one.

He hung a shirt on a pole at the top of his island, that, in the language of the sea, was plain to every seafaring man.

The circulation was small and there was no other medium, but Crusoe kept it there despite the fact that he got no inquiries for a long time. He changed his copy at one moment after another, capped out—and in the end got what he wanted, was happy, and his name and fame have come down through the ages.

The present day merchant is much better off than Crusoe.

He Has The City Directory

through which he can reach all the people, some of whom want his goods. Your chances of success are thousands to his one, but your chance of failure are the same as his.

Suppose Robinson Crusoe had taken down that signal after, say a year, and declared, "Advertising doesn't pay," where would he and his story now be?

Put up your signal and keep it up. There will be a number of stores running behind during the year 1914, that will be glad to call and take you off the island of Ball Blunder.

Under the same advertising circumstances. You have got a sure thing. **The City Directory.**

Mr. Manufacturer, Merchant (Wholesale and Retail):

No other publication in the world so thoroughly represents the commercial, social and private interests of your city as **The City Directory.** People mention it or look every private citizen from the housewife to the magnate, every commercial, social, educational and educational institution and all other data pertaining to your city. It is valued throughout the most private and complete index to the city and its various interests and institutions.

The Directory is the almanac to the city and the **Piedmont Directory Co.** intend that 1914 Directory shall be **The Unabridged Edition.** The first aid to strangers and a standard remedy for loneliness, accurate, complete and up-to-date in every respect. An indispensable reference for direct and indirect and **Civic Pride** should attach every manufacturer and business man to have full representation in this Directory, and every well educated home to have a copy of the latest Directory for the use and convenience of all strangers and visitors. **"Know thyself"** is written in the volume **Know Your City** is a really good business advice. Consult the Directory when you want to buy or sell and you will get the best of everything at the lowest price and help reduce the high cost of living.

Mr. Manufacturer And Business Man—It's a fact that the Directory is your city's only standing representative to the world beyond your own gates and the only index to your city's growth and prosperity. Future Directories, by the way, are listed year by year and are well represented in the Directory Edition of the Principal Cities of The United States and are used by all who wish to extend their business. A well patronized city directory indicates a good city to locate in.

Yours truly,

Ernest H. Miller, Pres. and Genl Mngr.

Hints by Wise for Wise Men

 Directory advertising and success of business are Siamese Twins

 \$1.00 Bills for 50c would be a great bargain, but no more than Directory advertisements to progressive business men.

 If Cizzors don't spell Sissors what do it spell?

Know how to correctly spell a name before saying it is not in The Directory.

 If you stood 1,000 men, who ought to buy your goods in a row, you certainly would sell some of them. The City Directory puts them all in a ROW for you. Moral—advertise in your Directory.

 Master minds of the Business World recognize advertising as the foundation stones upon which vast fortunes have been and still are being built. Your City Directory is one of the corner stones.

 The advertiser creates demand. When a duck lays an egg she just waddles off as if nothing had happened. When a hen lays an egg there's a whole lot of noise. The hen advertises—Hence the demand for hen eggs instead of duck eggs.

ELIZABETH COLLEGE (Not Denominational)

Is constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

Biddle University

CHARLOTTE, N. C.

Biddle University, founded by the Presbyterian Church in the U. S. A., has four departments, namely Normal and Preparatory, Arts and Sciences, Theological and Industrial.

The Preparatory and Collegiate Departments have each two courses of study, Classical and Scientific; the Scientific omitting the Greek and Latin Classics.

The Normal and Preparatory School is designed to prepare the student for teaching and for business life, or for entering the School of Arts and Sciences.

All students in the Preparatory course are required to take some trade and report every day for work in the Industrial School. College students may also take trades. At present several trades are being taught—Carpentry, Printing, Bricklaying, Plastering, Shoemaking and Blacksmithing. One-fourth of the time in recitation hours is devoted to industrial training.

The Collegiate Department consists of four years, the Theological three. The course of study prescribed in the Theological Department is liberal and practical. Besides the ordinary English subjects of the Theological Seminary, students who have taken a College course, or its equivalent, pursue exegetical study of the Greek and Hebrew Scriptures in the Junior and Middle years. Where the previous training of students has been partial and his years are mature a shorter and purely English course has been provided.

The school year begins the 1st Wednesday of October, and closes the 1st Wednesday of June.

For information or catalogue, write President H. L. McCrorey.

ELIZABETH COLLEGE (Not Denominational)

Is constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)*

Is constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

INBUILT

That is one secret
of the success of
this Typewriter.

Necessary devices which, with other typewriters are attached (at an extra price) or else built as parts of "special" machines with only one use (at a more exorbitant price), are *inbuilt* in every NEW MODEL

ALL
the writing
ALWAYS
in sight

Some Inbuilt Features :
Card Writing, Decimal
Tabulating, Condensed
Billing, Color Work
and Stenciling.

L. C. SMITH & BROS. TYPEWRITER

All these kinds of work—and others—done by one simple typewriter, our regular correspondence machine, *without any extra cost in attachments.*

Gardner Ball
Bearing Type-
bar Joint.

BALL BEARINGS — throughout — typebar, carriage, segment — all important frictional points made anti-frictional.

The *inbuilt* devices save you the price of attachments (costly things, these attachments); the ball bearings save work and wear.

And this *complete* machine costs no more than others which must have expensive attachments to make them complete.

To buy a typewriter without investigating the L. C. SMITH & BROS. would be like buying silver without looking for the "Sterling" mark.

A PERSISTENT ADVERTISER

One of the most persistent advertisers in the history of success was Robinson Crusoe.

He believed in advertising.

He knew what he wanted—a ship.

And he put up an ad for one.

He flung a shirt on a pole at the top of his island; that, in the language of the sea, was plain to every seafaring man.

The circulation was small and there was no other medium, but Crusoe kept it there despite the fact that he got no inquiries for a long time. He changed his copy—as one garment after another was flapped out—and in the end got what he wanted, was happy, and his name and fame have come down through the ages.

The present-day merchant is much better off than Crusoe.

He Has The City Directory through which he can reach all the people, some of whom want his goods. Your chances of success are thousands to his one, but your chances of failure are the same as his.

Suppose Robinson Crusoe had taken down that signal after, say a year, and declared, "Advertising doesn't pay," where would he and his story now be?

Put up your signal and keep it up. There will be a number of ships cruising around during the year 1914, that will be glad to call and take you off the island of Dull Business.

Crusoe advertised under discouraging circumstances. You have got a sure thing—**The City Directory**.

Mr. Manufacturer, Merchant (Wholesale and Retail):

No other Publication in the world so thoroughly represents the commercial, social and private interests of your city as **The City Directory**. Representing, as it does, every private citizen from the hovel to the mansion; every commercial, social, religious and educational institution and all other data pertaining to your city, it is beyond question, the most accurate and complete index to the city and its various interests in existence.

The Directory is the dictionary to the city and the Piedmont Directory Co. intend that 1914 Directory shall be **The Unabridged Edition**. "The first aid to strangers and a standard remedy for homefolks," accurate, complete and up-to-date in every respect. Unusual prospects of profit (direct and indirect) and **Civic Pride** should influence every manufacturer and business man to have full representation in this Directory, and every well-governed home to have a copy of the latest Directory for the use and convenience of Strangers and visitors. "**Know thyself**" is sound medical advice; **Know Your City** is equally good business advice. Consult the Directory when you want to buy or sell and you will get the best of everything at the lowest price and help reduce the high cost of living.

Mr. Manufacturer and Business Man—It's a fact that the Directory is your city's only standing representative to the world beyond your own gates and the only index to your city's growth and prosperity. Future Directories, by the exchange system, now in general use, will be placed in the Directory Libraries of the **Principal Cities of The United States** for the use of all who wish to consult its pages. A well-patronized city directory indicates a good city to locate in.

Yours truly,

Ernest H. Miller, Pres. and Genl Mngr

ELIZABETH COLLEGE (Not Denominational)

Is constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

Is constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

Is constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

Is constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

Is constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

Is constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

THE HOUSE OF DIRECTORIES

Asheville, N. C.

Queens College

CHARLOTTE, NORTH CAROLINA

Will open Wednesday, September twenty-third, in the beautiful new campus of twenty-five acres in Myers Park.

Electric cars to college entrance.

Five new buildings: Administration, Music, Science and Art, and two Dormitories.

Equipment new and modern. Sanitation unexcelled.

B. A. Degree, Schools of Music, Art and Expression.

All out-door sports.

Faculty of college grade from the best universities and colleges.

Queens Fitting School

Queens College does not wish to curtail or to discourage the work of the High Schools within its territory, but would like to aid in building up the standards and efficiency of the High Schools.

There are, however, in our State and in our neighboring States scores of High Schools doing only one or two or three years of work. The girls who finish these schools and who wish to go to college must have a school in which to finish their preparation. We offer such a school.

The Queens Fitting School will employ only the best teachers. Its standards of thoroughness and efficiency will be the same as those of Queens College.

Its students will receive the care and supervision necessary for training young girls, and they will share the College home and enjoy the College life.

Day pupils who desire to attend a private school will be cordially welcome, as heretofore, to the classes of both the College and the Fitting School.

Literature on request.

JOHN L. CALDWELL, A. M., D. D.

President.

The superior advantages offered in your Conservatory of Music and the High-Grade College Course induced me to patronize

ELIZABETH COLLEGE

I am much pleased with my daughter's development.

(Patron for four years.)

Is constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

Is constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

**Thrift and Economy Bring
Permanent Prosperity :: ::**

But Economy does not mean that you are to bottle up your Business.

Advertising is necessary to every successful business.

You may not see the results today but it means prosperity and plenty tomorrow.

The Directory is one of the recognized world wide standard mediums for advertising and is becoming more popular every day. Why? Because it brings results.

**Prosperity endures only with
those who struggle for it :: ::**

Is constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

Is constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

Is constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

Is constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

Is constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

Is constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.
